

QUALITY POLICY

The aim of National Flexible Limited is to provide our customers safe, quality and legally compliant flexible packaging material that meets their requirements, in a timely efficient manner and operate a quality system that meets the requirements of ISO 9001:2015 and BRC GS Packaging Materials Issue 6.

‘Our raison d’être is to make things easier for our customers for their supply of flexible packaging. ‘An easier way’. We do this via our culture of Caring, Sharing and Being Different. This unique approach applies to our customers, employees and suppliers.

The Quality Manual defines the Management organisation responsibility for quality. The Directors have ultimate authority and responsibility for the effectiveness of the Quality System. Senior Management has the authority and responsibility for maintaining the Quality System defined in the Quality Manual and detailed in the associated procedures. All operations are carried out as described in the Quality Manual and procedures.

The quality system ensures that all customer requirements are identified and goods supplied meet these requirements. It provides the basis for continual improvement in the goods and services supplied to customers, by regularly reviewing and updating the working of the system. Quality objectives are established and reviewed at the Quality Management Review.

The Company training programme ensures that this policy is understood, implemented and maintained at all levels in the organisation.

This policy statement represents the commitment to the Quality Policy of Senior Management of National Flexible Limited.

National Flexible Ltd. is committed to satisfying applicable requirements and the continual improvement of the Quality Management System.
