

**QUALITY & ENVIRONMENTAL POLICY**

The aim of National Flexible Limited is to provide our customers safe, quality and legally compliant flexible packaging material that meets their requirements, in a timely, efficient manner whilst acknowledging and working to continually improve the impact that our operations may potentially have on the environment. National Flexible Limited aim to operate a Quality and Environmental Management System that meets the requirements of ISO 9001:2015, ISO 14001:2015 and BRC GS Packaging Materials Issue 7.

National Flexible Limited commit to the continuous improvement of our Product Safety and Quality culture. Our culture is encapsulated by 'Caring, Sharing and Being Different'. This unique approach applies to our customers, employees, and suppliers.

Our customers, employees and suppliers are quintessential in improving our environmental performance. We therefore ensure this policy is available to all interested parties.

The Quality Manual and Environmental Management System define the Management organisation responsibility for quality and protection of the environment. The Directors have ultimate authority and responsibility for the effectiveness and maintenance of the Quality Management System defined in the Quality Manual and Environmental Management System and its associated procedures. Ensuring this policy is fully adopted and the continual improvement of National Flexible Limited's environmental and quality performance. All operations are conducted as described in the Environmental Management System, Quality Manual, and procedures.

The QMS and EMS ensure that all customer requirements are identified, and goods supplied meet these requirements. They provide the basis for continual improvement in the goods and services supplied to customers and National Flexible Limited's environmental impacts, by regularly reviewing and updating the working of the systems. Quality and Environmental objectives are established and reviewed at the Quality and Environmental Management Review.

The company training programme ensures that this policy is understood, implemented, and maintained at all levels in the organisation.

National Flexible Limited commit to the protection of the environment and prevention of pollution by adhering to all applicable legislation by continually monitoring, measuring, and improving our Quality and Environmental Management Systems.

This policy statement represents the commitment to the Quality and Environmental Policy of Senior Management of National Flexible Limited and is reviewed annually as a minimum.
